

☐ ☐ ☐☐HOLIDAYS AND WELLNESS

The Organic Farm CALDESONI invites you to spend a special holiday in the enchanting scenery of its hills, at the ideal altitude of 550 m, where the climate is cool and dry, far from pollution and noise where, with great passion and commitment, we have recreated a piece of the planet with the natural balance between flora and fauna as it once was, which is the fundamental prerequisite for our well-being and health.
